VERSE 1
I grew up with music in my soul,
Chasing dreams, reaching for my goal.
A little girl with a heart so wide,
Hiding all the tears she keeps inside.

PRE-CHORUS
I'm the leader standing tall,
But who's there when I fall?
I make the world laugh every day,
While hiding what I cannot say.

CHORUS
I'm the girl behind the smile,
I've been hurting for a while.
Through the tears and through the pain,
I still dance beneath the rain.
I'm a daughter, I'm a dreamer,
I'm a fighter, I'm a singer.
Though my heart has broken parts,
There's still music in my heart.

VERSE 2
For my family, for my dreams,
I'll keep reaching for the stars I see.
Through the battles, I'll survive,
There's a fire still alive.

BRIDGE
Jesus, guide me through the night,
Help me find my inner light.
I'm still learning who I'll be,
There's a future waiting for me.

FINAL CHORUS
I'm the girl behind the smile,
I'll keep walking every mile.
I am more than all my pain,
I'll find sunshine after rain.

OUTRO
My story isn't over yet...
I'm becoming who I'm meant to be.
